Spanish Ships Will Transport the Prisoners.

OTHER BIDDERS RULED OUT.

The Spanish Company Said to Be the Order of Jesuits, Who Will Take Good Care of the Spaniards En Voyage.

Washington, July 26.—The war department has received a letter from a New York attorney representing J. L. St. John, protesting against the award for transporting the Spanish prisoners in Spanish ships. In addition to the claims that have been made in this matter heretofore, he alleged that his client had not been heard respecting a bid which he had put in.

Colonel Hecker replied to the attorney, saying that Mr. St. John's bid was upon a letter denoting him a paper manufacturer and Mr. St. John had not responded to a telegram requesting his presence in Washington, save by a letter saying that he was glad that the contract had been placed so advantageously to the government.

Colonel Hecker also said that the department was fully advised as to the location of the Spanish ships before the contract was made. Probably before the end of the week the Spanish company will begin the discharge of its obligation.

The Spanish company which was awarded the contract is said to be the Order of Jesuits, which ought to insure good treatment to the prisoners, since they are all of that religious faith.

GIBSON HOUSE FAILS.

The Liabilities Are Placed at Sixty Thousand Dollars.

Cincinnati, July 26.—The Gibson House company has filed a deed of assignment to J. Hartwell Cabell, attorney. The assets are named at \$100,000 and the liabilities at \$60,000.

His assignment was followed by the individual assignment of Horace Dunbar, president of the company and manager of the hotel. His assets and liabilities are placed at \$25,000. No cause is mentioned for the failure, and no preferences are given. The Gibson House is among the oldest and largest of the leading hotels of the city. The Gibson House figured in the Hanna senatorial investigation last winter.

Klondike Visitor.

San Francisco, July 26.—C. H. Kines, who represents a New York syndicate, has returned from the Klondike, which he regards as the richest mining region in the world. He said: "What greatly impressed me is the wealth and extent of the bench claims. As an instance I saw a claim on the ninth tier in French gulch which appeared to be 1,000 feet above the creel bed which was turning out \$1,000 per day. The extent of territory this class of ground covers no man knows, and the development of the diggings will probably occupy years."

Consumption Positively Cured.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but no good relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. FLAVORING EXTRACTS.

Such as Are Used Exclusively in Preparation of Foods Do Not Have to be Stamped.

Some Maysville grocers have been stamping their stock of flavoring extracts under the impression that such goods were taxable under the new war revenue act. Mr. R. B. Lovel, the leading grocer, has been investigating the subject, and is in receipt of the following:

CHICAGO, July 22, 1898.

Mr. R. B. Lovel, Maysville, Ky.—Dear Sir: Since writing you giving you our construction of the revenue law we are in receipt of a telegram from the Commissioner of Internal Revenue which reads as follows:

WASHINGTON, D. C., July 18, 1898.
Hon. William E. Mason, United States Senator, Care Price Extract Co., Chicago, Ill.: The ruling of this office is that there is no tax on flavoring extracts used exclusively in the preparation of foods.

N. B. SCOTT, Commissioner.

From the above you will note that all of Dr. Price's flavoring extracts will not require stamps as they are used exclusively in the preparation of foods. Dr. Price's essence wintergreen, peppermint, anise and ginger require stamps, as the labels on the bottles indicate that they can be used in a medicinal way as well as in the preparation of foods. Yours truly,

PRICE FLAVORING EXTRACT CO.

FIRST SHIPMENT

Of War Bonds Made By the Treasury Department.

Washington, July 26.—A treasury statement shows there are about 30,000 persons to whom bonds under the government's popular loan will be allotted.

All persons offering to take \$4,000 or less will receive bonds. The first shipments of the new bonds were made.

THE things that people see are inside of them and not outside. No two people see the same thing exactly alike. One woman may look out at a beautiful landscape and see all the beauty and restfulness and grandness that there is in it. Another one will look out at the same scene and see nothing. The man who is perfectly well and vigorous enjoys life to the full. Dr. Pierce's Golden Medical Discovery makes people well. There isn't anything miraculous about it—it is the most natural thing in the world. It simply puts the digestive organs, the stomach, the liver, the bowels, in perfect order and thereby makes the blood pure and rich. All diseases live and thrive on impure blood. Keep a stream of pure, rich, red blood flowing into a disease spot, and the disease will not stay. A man lives on rich pure blood, and the disease dies on it.

Dr. Pierce's Golden Medical Discovery makes pure, rich blood. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Death of Mr. Alma.

Cincinnati, July 26.—Frederick H. Alma of Alma & Doepke's department store, died, aged 60 years. He was vice president of the Cincinnati College of Music, president of the Argonaut Cotton Mills and connected with many other enterprises in this city.
